

Typography

- Greycliff – used in the majority of the website (Navigation Bar, Paragraphs, Table Contents, Contact Details).
- Greycliff Bold – Used in headings per section (nav bar contents) of the website to make it stand out automatically to the audience (About Me, Hobbies, Activities, etc.).

Color Palette

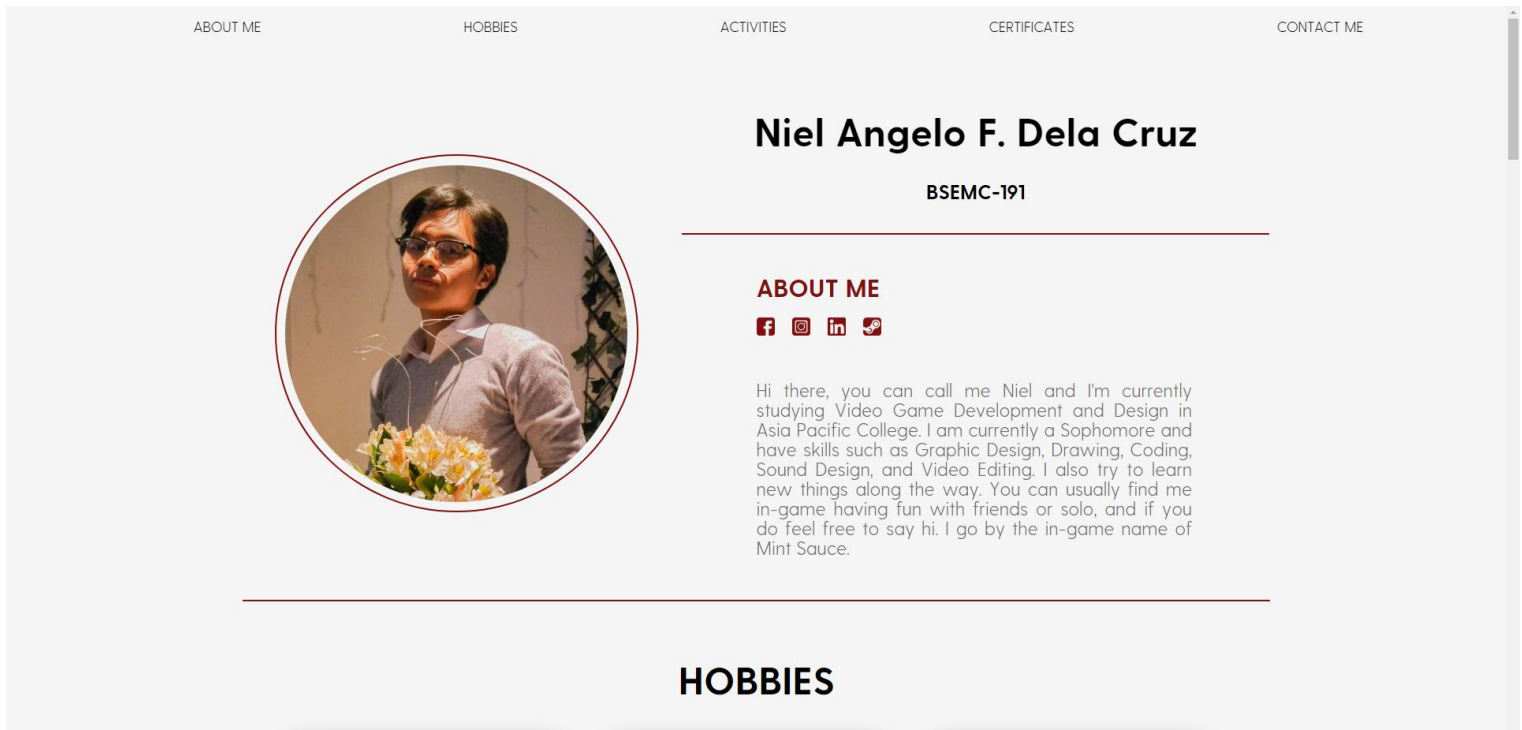

I used 5 colors for the website excluding the contents, these colors are:

- *Falu Red* - #821010
Used in: Borders, Line Segments, Hover Distinguishers, Table Text Background, Social Media Logos
- *White* - #FFFFFF
Used in: Navigation Bar BG, Font Color for specific places
- *White Smoke* - #F5F5F5
Used in: Background color of the Website
- *Pink Swan* - #B8B8B8
Used in: Box shadows in some elements
- *Dim Gray* - #6E6E6E
Used in: Font Color for About Me

Global Navigation

My website currently has 5 contents namely: About Me, Hobbies, Activities, Certificates, and Contact Me. I plan to add a Home page and split the Activities Section into three parts with the use of a local nav bar.

Home Screen Design

This is currently my default home screen which I plan to update if I have time, Home section will be added with a welcome text, navbar at the top with a different default look, and a read more button below. Background photo (darkened) would be:
